

PROJECT

**Zortman Landusky Mine,
Little Rocky Mountains, Montana, 2008**

CLIENT

**Spectrum Engineering, Inc. *for*
State of Montana DEP & BLM**

SITE DESCRIPTION

**Emergency treatment of mine impacted water
flowing into tribal lands.**

SERVICES PROVIDED

- **Accommodated small footprint and poor access.**
- **Mobilized 1,000+ miles; running in 3 days.**
- **Training and turn-over completed in 4 days.**
- **Lime efficiency resulted in 2nd application to **replace caustic system.****

“Spectrum Engineering evaluated all lime and other possible treatment options prior to selecting the RCTS... The RCTS system worked so well that the decision to purchase was made after only 3 weeks of testing.

William Maehl, Eng. *Spectrum Engineering*
